Financial Arrangements

The primary responsibility for safeguarding and restoring public and private assets affected by an emergency rests with the asset owner, who needs to understand the level of risk associated with their asset and have appropriate mitigation strategies in place.

The Shire of Jerramungup has arrangements in place to insure its assets and will further utilise the following financial arrangements for recovery where required:

- Authorising emergency purchases in line with the *Shire of Jerramungup Procurement of Goods and Services Policy FP6*,
- Establishing a cash reserve for Community Recovery, where it is considered appropriate for the level of risk to the community,
- Use of s6.8(1) and s6.11(2) of the *Local Government Act 1995* with respect to expenditure of funds not included in the annual budget,
- *Local Government (Financial Management) Regulations 1996* – regulation 18(a) provides exemption for council to make budget related decisions in emergencies without giving local public notice of changes to financial reserves, and
- Use of s6.20(2) of *Local Government Act 1995* enabling borrowing of funds, subject to one month's local public notice of the proposal and exercising of the power to borrow by absolute majority decision of council.

The Australian and Western Australian Government recognise that communities and individuals do not

always have the resources to provide for their own recovery and have joint arrangements in place to provide financial assistance in certain circumstances.

If necessary, the following arrangements have been made to fund recovery activities:

- [Disaster Recovery Funding Arrangements Western Australia](#) (DRFAWA)
- [Services Australia \(Centrelink\)](#)
- [Lord Mayor's Distress Relief Fund](#) (LMDRF).

Individual Assistance

Any requests for relief aid over and above assistance available through defined State/Commonwealth government schemes should be referred to the LMDRF.

Public Fundraising Appeals

Any request to initiate a public fundraising appeal for victims of an emergency should be directed to the LMDRF. If the LMDRF Board agrees to the request, the Board will liaise directly with the affected local government(s) to establish the required guidelines. For further information regarding the LMDRF visit: <http://www.appealswa.org.au>

Volunteers and Donations

Where possible, all offers of, or requests for, volunteer assistance with recovery activities and spontaneous donations should be coordinated through the Local Recovery Coordination Group (LRCG) to avoid duplication of effort.

Non-Government Organisations (NGOs)

In some circumstances, non-government organisations provide assistance by way of emergency relief funds, shelter, accommodation or household supplies. Where possible, the LRCG should deal with all offers of, or requests for, assistance from NGOs to avoid duplication of effort and confusion. At the State Government level, coordination is undertaken by the State Recovery Coordinator or the State Recovery Coordination Group (SRCG), if established. The distribution of the donated goods shall be undertaken by the organisations concerned.
